C. Unified Planning Work Program (UPWP) FY 2019-2020 Amendment

CRPC was approved for \$45K State Transportation Innovation Council (STIC) funding FHWA for helping advance the understanding of the State and LPA's options regarding EDC5 Value Capture and will further advance alternative funding opportunities for infrastructure investment. This project will:

1. survey existing value capture initiatives in Louisiana;
2. assess the learning objectives of LPA's with regard to value capture options; share value capture best practices through a peer exchange;
3. share FHWA information about value capture objectives and options, such as the Value Capture handbook, with interested LPA's and stakeholders;
4. hold a workshop with interested stakeholders to broaden general knowledge base about value capture options;
5. evaluate the legal framework in Louisiana and determine if legislative authority is needed to enable LPA's to adopt value capture ordinances; and,
6. develop a guidebook to teach LPA's how to implement local value capture ordinances.
