Vaping Presentations 2024

This upcoming year we will be expanding our current presentation topics that consists of occupant protection, impaired driving and distracted driving and adding in the risks and complications of vape and e-cigarette usage. As always, we try to give this information to all ages as this is a trend to our younger generations and we would like to stay educated as the newest information and statistics becomes available.

We are saddened to announce and send our deepest condolences to the family and colleagues of Cory Reech.

Cory Neal Reech, beloved husband, brother, stepfather and grandfather joined Our Lord on December 31, 2023. Cory was 56 years old and a native of Baton Rouge. Cory was a 30 year veteran of the Baton Rouge Police Department. Cory retired as a Lieutenant after years of dedication, continuing to share his expertise as a consultant for the Louisiana Highway Safety Commission. His cheerful yet direct approach impacted many lives across the state. Cory loved to cook and took every opportunity to cater to friends and family alike while also fishing and boating with family in Dulac, La. The family would like to thank the BRPD & EBRP Sheriff's Office along with Jordan and

Aimee Charlet and Terrell Stubbs for their outpouring of love and support at this very difficult time. In lieu of flowers, please have masses said, or donate to Sacred Heart St Vincent de Paul 2250 Main Street, Baton Rouge, LA. 70802, or to Behind the Line at P.O. Box 2490 Denham Springs, Louisiana 70727, or to a charity of your choice.
